This document constitutes a request from the Proponent (Section 1) to the Minister of Fisheries, Oceans, and the Canadian Coast Guard to authorise the deposit of a deleterious substance to control an aquatic invasive species pursuant to s. 19(3) of the *Aquatic Invasive Species Regulations* SOR / 2015-121 (AISR). The Proponent will include all appropriate details in the project details (Section 2 and 3) as well as details regarding environmental impact (Sections 4-7). Notwithstanding any Authorization received subsequent to this application, the Proponent must ensure compliance with all other relevant provincial and federal legislation and regulations including but not limited to: any relevant Provincial pesticide application and labour laws, the *Canadian Environmental Protection Act, 1999;* the *Canadian Environmental Assessment Act, 2012,* and the *Transportation of Dangerous Goods Act, 1992.* Further this Authorisation may also require a subsequent consultation with affected indigenous groups.

The applicant must ensure all the relevant information is properly included. An incomplete submission will not be considered. DFO reserves the right to ask the proponent to supply additional information to clarify any elements of the proposal put forth in this application.
