Transfer Section – Container Detail.....	16

This document is provided to users of the Electronic Logbook (ELOG). It provides details of the information requested by Fisheries and Oceans Canada (DFO) in electronic logbooks. The information contained in this document has no legal value and is made available for the sole purpose of helping users to complete the ELOG correctly.

## ELOG Key

In your software, be sure to enter the ELOG Key exactly as it is written on the DFO web site. An incorrect ELOG key will prevent you from successfully transmitting your logbooks to DFO.

DFO Client Support Agents can assist with ELOG related issues and can be reached at 1-877-535-7307 from Monday to Friday from 08:00 to 21:00 (Atlantic Time) excluding holidays. Additional up to date information on the ELOG Key is available at [www.dfo-mpo.gc.ca/elogs](http://www.dfo-mpo.gc.ca/elogs).

## DFO Client Support

If you have submitted your ELOG to DFO and find that you have made a mistake, please contact DFO Client Support at 1-877-535-7307 to request corrections to the information submitted. Telephone support is available Monday to Friday from 08:00 to 21:00 (Atlantic Time), except on statutory holidays.

Please refer to your licence conditions for additional instructions to be followed in situations where a fish harvester cannot properly transmit their ELOG data.

## ELOG Application Supplier Client Support

The ELOG Application Supplier should be contacted for assistance with any of the following type of issues:

- I don't know where to put the ELOG Key into my application.
- I am having trouble copy/pasting my ELOG key into my ELOG application.
- How do I use my ELOG application?
- My application is not working/I don't understand my application.
- I can't install or log-in to my ELOG application.
- I can't open/close a trip.
- The GPS on my device is not working (get in touch with the ELOG Application Supplier, for instructions on how to manually enter coordinates).
- Any troubleshooting needs, such as any error messages that appear in the application.

ELOG Application Supplier information will be listed on DFO's website at: [www.dfo-mpo.gc.ca/qualified/index.htm](http://www.dfo-mpo.gc.ca/qualified/index.htm).

## Software or Hardware Issues

In situations where the software or equipment used to complete the ELOG is non-functional, such as lost, stolen, defective or stolen telephones, tablets or computers, please refer to your licence conditions for details on the information to be provided in such situations, the procedures to be followed and the deadlines to be met.

## Closure of Sections Within the ELOG

The application allows for the individual closure of various sections of the logbook. The closure of the sections implies that you have verified that the information entered is consistent with what you want to declare. The closure of a section means that you will no longer be able to modify the information in that section from your software. Your licence conditions may require that you close a section of your logbook at a specific time that is different from the complete closure of your electronic logbook.

If the information in a closed section prevents you from continuing to complete your logbook, you will need to contact your application supplier to make the necessary corrections.

If the information in a closed section is incorrect and does not prevent you from completing your logbook, please submit your logbook to DFO as is and contact DFO to request that corrections be made to your submitted logbook. Please note that corrections made by DFO will not be reflected in your application. If you would like the correction to be made in your application as well, you will need to contact your application supplier. However, the application supplier will need to obtain approval from DFO before making modifications to your information.

## Fisher Identification Number (FIN), Licence Number and Vessel Registration Number (VRN)

In your software, be sure to enter your Fisher Identification Number (FIN), your Vessel Registration Number (VRN) or your Vessel Identification Number (VIN) (the VIN applies to Gulf region fish harvesters only) and your licence number exactly as they appear on your fishing licence or licence conditions. Missing or inaccurate data can cause issues with your information once received by DFO.

The instructions below detail the information required for submission into the application based on the context of your specific fishery:

- If you are fishing under a licence held by an Indigenous Community or Organization:
  - Indicate the FIN of the Indigenous Community or Organization;
  - Indicate the licence number used to carry out the fishing activity, i.e. the licence number of the Indigenous Community or Organization for which you are acting as the designated operator;
  - Indicate the VRN of the fishing vessel used to carry out your fishing activities;
  - Your name, as the designated operator on the licence, must be entered into the “Operator’s name” field of your ELOG.
- If you are fishing under a licence held by a company:
  - Indicate the FIN of the company;
  - Indicate the licence number of the company;
  - Indicate the VRN of the fishing vessel used to carry out your fishing activities;
  - Your name must be entered into the “Operator’s name” field of your ELOG.
- If you are acting as a substitute operator:
  - Indicate the FIN of the licence holder you are replacing;

- Indicate the licence number of the licence holder you are replacing or for whom you are acting as operator;
- Your name, as the current operator and licence operator, must be entered in the "Operator's name" field of the ELOG.
- If you are fishing under a partnership agreement (buddy-up):
  - Be sure to indicate the following in the fields provided;
  - The VRN of the fishing vessel used to carry out your fishing activities;
  - The FIN attached to the fishing vessel used to carry out your fishing activities;
  - The licence number attached to the fishing vessel used to carry out your fishing activities;
  - Indicate the name of both operators, separated by a semicolon (;), in the "Operator's name" field of the ELOG.

## Simultaneous Fishery

For Quebec, Maritimes and Newfoundland fish harvesters, if you are fishing under two licences simultaneously during the same fishing trip, you must complete two separate ELOGs, ensuring that you complete all mandatory fields in each of the sections of both of the ELOGs.

For Gulf fish harvesters, in the case of an Indigenous Community or Organization fishing multiple licences simultaneously, all required elements of the "Fishing Effort" section must be completed for each licence under which the effort is being conducted. If fishing under more than one licence number on the same vessel, during the same trip, the Fishing Effort section of the ELOG must be filled in at least once for each licence.

## Substitute Vessel

If you are using a Substitute Vessel, you must enter the VRN or VIN of the vessel you are currently using to complete the fishing activity and landing.

## GPS Position and Coordinates

Your software may have a function that automatically reads your position from your GPS. If your actual position does not match the position requested in the ELOG, enter the requested geographical coordinates manually.

## Comments

Enter any additional information that you may consider important in this field.

## Maps

If there are regional fishing area maps associated with ELOGS they will be found here <http://www.dfo-mpo.gc.ca/fisheries-peches/sdc-cps/nir-nei/elog-maps-cartes-jbe-eng.html>. This does not represent a full list of fishing area maps. This catalogue will be updated as new or amended maps become available. If the fishing area described in your licence conditions is not included below please contact your local DFO office. For all other questions, please contact DFO at the following email: [fishing-peche@dfo-mpo.gc.ca](mailto:fishing-peche@dfo-mpo.gc.ca).

## General Logbook Instructions, by Section (Gulf, Maritimes, Pacific, Quebec, and Newfoundland Regions)

***The fields listed in the following tables may not be needed in all ELOG forms and therefore may not be available. When completing fields that are available in your ELOG, please follow the instructions below.***

### General Information

DFO administrative region	Indicate your DFO Administrative region.
Province	Gulf: Indicate your province NB, NS or PEI  Others: Not applicable
Licence holder's Fisher Identification Number (FIN)	Indicate the Fisher Identification Number (FIN) of the licence holder as it appears on the fishing licence or conditions of licence.  Please refer to the Fisher Identification Number (FIN), Licence Number and Vessel Registration Number (VRN) section on page 3 and 4 for more details on accurate use of substitute operator, partnership agreement and fishing under a licence held by an Indigenous Community or Organization.
Vessel Registration Number (VRN) or Vessel Identification Number (VIN for Gulf)	Indicate the Vessel Registration Number (VRN) or Vessel Identification Number (VIN) of the fishing vessel used to carry out your fishing activities. The VIN applies to Gulf region fish harvesters only.  Please refer to the Fisher Identification Number (FIN), Licence Number and Vessel Registration Number (VRN) section on page 3 and 4 for more details on accurate use of substitute operator, partnership agreement and fishing under a licence held by an Indigenous Community or Organization.
Vessel name	Indicate the vessel name.

### Fishing Trip Section

Trip number	Gulf and Pacific: This information is generally generated automatically by the software.  Others: Not applicable
Unique identifier of the electronic logbook (Logbook UID)	This information is generated automatically by the software.
Date/time of start of the fishing trip	Gulf, Quebec, Maritimes and Newfoundland: Indicate the date and time at the beginning of the fishing trip.  Others: Not applicable

Date/time when fishing activities ended	Maritimes, Gulf and Newfoundland: Indicate the date and time at the end of the fishing effort.  Others: Not applicable
Operator's Name	Maritimes, Gulf, and Pacific: Name of the licence holder (or his representative) present on board the vessel during the fishing operation (Last name and first name). When there is more than one operator, list each name on the same line and separate each one using semicolons.  Others: Not applicable
Number of crew members	Quebec and Maritimes: Indicate the number of crew members including the captain but excluding the observers at sea.  Others: Not applicable
Port of departure	Quebec and Maritimes: Indicate the name of the port of departure (start of the trip).  Others: Not applicable
Captain's name	Quebec, Maritimes and Pacific: Indicate the name of the captain (Last name and first name)  Others: Not applicable
Type of partnership	Quebec: Indicate the type of partnership in place during the fishing trip.  Others: Not applicable
Containers tagged?	Pacific: Were identification tags apposed on containers? (Y/N)  Others: Not applicable
Enterprise Allocation (EA) Company	Maritimes and Pacific: Indicate the company who owns the enterprise allocation fished.  Others: Not applicable
Year of the fishing season	Maritimes, Gulf, Newfoundland and Pacific: Indicate the year of the fishing season.  Others: Not applicable
Type of fishery	Québec: Indicate the fishing type (regular, sentinel, exploratory, etc.)
Harvest chart completed?	Pacific: Was a harvest chart completed? (Y/N) (geoduck fishing)  Others: Not applicable
Hunter's/Fisherman's phone number	Maritimes and Pacific: Indicate the phone number of the hunter/fish harvester (sport fishing/hunting)  Others: Not applicable

Number of diggers	Pacific: Indicate the number of diggers.  Others: Not applicable
Date/time of the creation of the trip	Indicate the date/time of the creation of the trip.

### Bait used Section

Type of bait used	Maritimes: Indicate the type of bait used.  Others: Not applicable
-------------------	--

### Species at Risk Section

The information related to Species at Risk (SAR) must be completed for each interaction with a SAR or each group of individuals of the same SAR. When reporting an interaction with a species at risk, you must report the number of individuals and, optionally, the estimated total weight of the species at risk.

Date/time	Indicate the date and time of the interaction with the species at risk.
Latitude	Indicate the latitude where the interaction with the species at risk occurred.
Longitude	Indicate the longitude where the interaction with the species at risk occurred.
Species	Identify the species at risk involved.
Number of specimens	Indicate the number of specimens involved.
Total weight estimated	Indicate the total estimated weight of species at risk involved.
Condition of specimens	Indicate the condition (dead, alive, etc.) of the specimens involved, after the interaction.

### Hail in Section

Hail in company	Maritimes, Quebec, Gulf and Pacific: Identify the company that issued the hail in confirmation number.  Others: Not applicable
Hail in confirmation number	Maritimes, Quebec, Gulf and Pacific: Indicate the hail in confirmation number.  Others: Not applicable

### Hail out Section

Hail out company	Maritimes, Gulf, and Quebec: Identify the company that issued the hail out confirmation number.  Others: Not applicable
Hail out confirmation number	Maritimes, Gulf, and Quebec: Indicate the hail out confirmation number.

	Others: Not applicable
--	------------------------

### Personal Consumption/Use Section

All catches that were kept on-board the vessel and that will not be sold to a registered buyer must be declared as personal consumption/use.

Species	Quebec, Maritimes, Gulf and Pacific: Indicate the species declared as personal consumption/use.  Others: Not applicable
Product form	Quebec, Maritimes, Gulf and Pacific: Type of processing (E.g., Round, Gutted, etc.). Weight declared is evaluated following this processing.  Others: Not applicable
Size	Quebec, and Pacific: Indicate the size of the product (Size. e.g., Large, Medium, Small)  Others: Not applicable
Kept weight	Quebec, Maritimes, Gulf and Pacific: Indicate the estimated kept weight in whole form of the species kept as personal consumption/use.  After you have landed, if the retained weight differs from the weight previously entered, you must contact Fisheries and Oceans Canada at 1-877-535-7307 from Monday to Friday between 07:00 and 20:00 (Eastern Time Zone) to request a correction to your data.  Others: Not applicable
Foreseen usage	Quebec, Maritimes, Gulf and Pacific :Indicate the foreseen usage of the product kept for personal consumption.  Others: Not applicable

### Fishing Effort Section – Effort

Start date/time of the fishing effort	Indicate the date and time at the beginning of the fishing effort.
End date/time of the fishing effort	Indicate the date and time at the end of the fishing effort.
Fishery Management Area	Quebec, Maritimes, Gulf and Newfoundland: Indicate the fishery management area where fishing occurred.  Others: Not applicable
Pacific Fishery Management Area	Pacific: Indicate the Pacific Fishery Management Area where fishing occurred.

	Others: Not applicable
Licence number	Indicate the licence number used to fish during this fishing effort.  Please refer to the General Information section for more details in the context of substitute operator, partnership agreement and fishing under a licence held by an Indigenous Community or Organization.
Interaction with a species at risk during this fishing effort?	Indicate (yes or no) if an interaction with a species at risk occurred during this fishing effort.
Was fishing gear lost, found or recovered during this fishing effort?	Indicate Yes if you lost, completely or partially, one or more of your fishing gears during this fishing effort. Indicate Yes if, during this fishing effort, you found one or more of your fishing gears previously lost. These fishing gears may have been fully recovered, partially recovered or not recovered. Otherwise, indicate No.
Interaction with a marine mammal during this fishing effort?	Was there an interaction with a marine mammal during this fishing effort (Y/N)?
Fishing site	Maritimes and Pacific: Indicate the location of the fishing site (specific name or geographical indications)  Others: Not applicable
Quota area	Pacific: Indicate the Quota area (Geoduck fishing)  Others: Not applicable
Variation order number	Pacific: Indicate the number of the variation order which opened the targeted fishery. Others: Not applicable

### Fishing Effort Section – Targeted Species

Species	Indicate the species you are attempting to catch under valid licence conditions during this fishing effort.
---------	---

### Fishing Effort Section – Fishing Gear Used

Fishing Gear	Indicate the type of fishing gear used during this fishing effort.
Details about gear	Quebec: Indicate any complementary information about gear. (E.g., Autoline, with spoons, with flies, etc.)  Others: Not applicable
Hydraulic fishing gear? (Y/N)	Maritimes: Indicate the type of Gear: Hydraulic or Non-Hydraulic  Others: Not applicable
Length of the gear	Maritimes: Indicate the length of the gear.  Others: Not applicable
Width of the gear	Quebec and Maritimes: Indicate the width of the gear.

	Others: Not applicable
Mesh size	Newfoundland: Indicate the size of mesh. Size is measured on a stretched mesh from one knot to the other diametrically opposed. For trawls, indicate the size of the codend meshes.  Others: Not applicable
Dive fishing method	Quebec: Indicate the fishing method used during the dive (manual harvest, uses hand tool, traps, etc.)  Others: Not applicable
Size of traps	Quebec: Indicate the trap size (4 feet, 6 feet, 7 feet, etc.)  Others: Not applicable

### Fishing Effort Section – Effort Detail

Tow(or set) number	Maritimes and Newfoundland: Indicate the tow number  Others: Not applicable
Start date/time of the fishing operation	Maritimes and Gulf: Indicate the date/time at the beginning of the tow (or tows). If harpoon fishing, indicate the date/time at the beginning of the search for the targeted fish or mammal.  Others: Not applicable
Latitude at the beginning of the fishing operation	Quebec, Maritimes and Newfoundland: Indicate the latitude at the beginning of the hauling if reporting by tow or at the beginning of the first tow of the day if reporting by day.  Others: Not applicable
Longitude at the beginning of the fishing operation	Quebec, Maritimes and Newfoundland: Indicate the longitude at the beginning of the hauling if reporting by tow or at the beginning of the first tow of the day if reporting by day.  Others: Not applicable
End date/time of the fishing operation	Maritimes and Gulf: Indicate the date/time at the end of the tow (of tows). Harpoon fishing: Date/time at the end of the search for the targeted fish or mammal.  Others: Not applicable
Latitude at the end of fishing operation	Quebec, Maritimes and Newfoundland: Indicate the latitude at the end of the hauling if reporting by tow or at the end of the last tow of the day if reporting by day.  Others: Not applicable
Longitude at the end of the fishing operation	Quebec, Maritimes and Newfoundland: Indicate the longitude at the end of the hauling if reporting by tow or at the end of the last tow of the day if reporting by day.

	Others: Not applicable
Latitude	Indicate the fishing latitude based on the information requested in the licence conditions.
Longitude	Indicate the fishing longitude based on the information requested in the licence conditions.
NAFO area	Quebec, Maritimes and Newfoundland: Indicate the NAFO area (Division and sub-division) where fishing activities mainly occurred.  Others: Not applicable
Average depth of the bottom of the sea/lake	Gulf: Indicate the average depth of the bottom of the sea/lake during tow(s).  Others: Not applicable
Average gear depth	Maritimes and Newfoundland: Indicate the average gear depth.  Others: Not applicable
Average tow duration	Maritimes, Gulf and Newfoundland: Indicate the average duration of tows depending on the level of detail (E.g., for a day, a shift, a series of tows, etc.)  Others: Not applicable
Average tow speed	Maritimes and Newfoundland: Indicate the average speed of the vessel during the tow.  Others: Not applicable
Bait protected?	Maritimes and Newfoundland: Indicate if bait is protected (Y.N).  Others: Not applicable
Diver's name	Pacific: Indicate the last name and first name of the diver (last name, first name)  Others: Not applicable
Name of fisherman	Gulf: Indicate the name of fisherman  Others: Not applicable
Fishing site	Quebec, Maritimes, Gulf and Pacific: Indicate the location of fishing site (specific name or geographical indications)  Others: Not applicable
Fishing effort duration	Quebec and Pacific: Indicate the duration of the fishing effort for this portion of the effort (hauling, period of time, etc.)  Others: Not applicable
Grid	Quebec: Indicate the grid where fishing activity mainly occurred.  Others: Not applicable

Maximum depth of the gear	Pacific: Indicate the maximum depth of the gear during the tow(s)  Others: Not applicable
Minimum depth of the gear	Pacific: Indicate the minimum depth of the gear during the tow(s)  Others: Not applicable
Number of harvesters on the bank	Quebec and Maritimes: Indicate the number of harvesters on the bank (approximate)  Others: Not applicable
Number of gears hauled	Quebec and Maritimes: Indicate the number of gears hauled. Traps: number of traps hauled. Gillnets and longlines: number of skates hauled. Rods and reel, handlines and tended lines: number of lines. Trap net: number of traps fished  Others: Not applicable
Number of tows	Indicate the number of sets hauled during the period of time.
Nearest community	Maritimes: Indicate the nearest community from the harvesting site  Other: Not applicable
Soaked duration of the gear	Quebec, Maritimes and Newfoundland: Indicate the time that the gear was in position to catch fish and does not include the time taken to set or haul back.  Others: Not applicable
Scallop production area	Maritimes: Indicate the scallop production area (used for scallop fishing in the Bay of Fundy)  Others: Not applicable
Swell state	Maritimes: Indicate the average swell height during tow(s).  Others: Not applicable
Statistical area	Pacific: Indicate the statistical area of the Pacific Region.  Others: Not applicable
Number of low tides while harvesting	Maritimes: Indicate the number of low tides where harvesting occurred during this effort.  Others: Not applicable
Date/time of fishing	Maritimes, Gulf and Pacific: Indicate the date/time based on the information requested in the licence conditions.  Others: Not applicable

Specimen caught?	Has there been at least one species captured during the tow/the period of time (Y/N)
Sub area of the quota area	Pacific: Indicate the sub area of the quota area.  Others: Not applicable
Maximum depth of the bottom of the sea/lake	Pacific: Indicate the maximum depth of the bottom of the sea/lake  Others: Not applicable
Minimum depth of the bottom of the sea/lake	Pacific: Indicate the minimum depth of the bottom of the sea/lake during tow(s)  Others: Not applicable

### Fishing Effort Section – Catches

Please refer to your licence conditions for more information on what information must be reported on your ELOG. Catches of species at risk must only be reported in the Species at Risk section of your ELOG.

Species	Indicate the species caught.
Other species	Describe the species caught if the type of species is not listed
Type of containers	Quebec, Maritimes and Pacific: Indicate the Type of containers used to store catches (E.g., bags, boxes, tubs, barrels)  Others: Not applicable
Discarded weight (estimated)	Indicate the total estimated weight rejected at sea.
Kept weight	Indicate the weight kept.
Size	Maritimes: Indicate the size of the product (E.g., Large, Medium, Small)  Others: Not applicable
Number of containers	Quebec, Maritimes and Pacific: Indicate the number of containers (E.g., bags, boxes, tubs, barrels) used to store catches.  Others: Not applicable
Number of specimens caught	Pacific: Indicate the number of specimens caught.  Others: Not applicable
Number of specimens discarded	Maritimes: Indicate the estimated number of individuals that were discarded at sea.  Others: Not applicable
Number of specimens kept	Maritimes: Indicate the number of specimens kept for landing.  Others: Not applicable

True Piece Counts (Y/N)	Pacific: Indicate if count is number of specimens (geoducks) Y/N. Not estimated.  Others: Not applicable
Product form	Indicate the type of processing (E.g., Round, Guttled, etc.). Catch weight is evaluated following this processing.

### Bed Information Section

Bed code	Pacific: Code of the bed evaluated.  Others: Not applicable
Recommendation about the bed	Pacific: Recommendation about this bed.  Others: Not applicable
Digging easiness	Pacific: Evaluation of the easiness to dig a hole to extract a specimen (Not diggable, difficult, moderate, etc.)  Others: Not applicable
Density of geoducks	Pacific: Evaluation of the density of geoducks per square meter for this bed.  Others: Not applicable
Juvenile presence	Pacific: Evaluation of the presence of young specimens on the bed (none, few, many, etc.)  Others: Not applicable
Market quality of specimens	Pacific: Evaluation of the average quality of specimens observed on the bed (E.g. Excellent quality, Good quality, Fair quality, Poor quality)  Others: Not applicable

### Landing Section

Port of Landing	Indicate the name of the landing port.
Date/time of the start of the landing	Quebec, Maritimes, Newfoundland and Pacific: Indicate the date and time of the beginning of the landing.  Others: Not applicable
Date/time of arrival	Maritimes: Indicate the date/time of arrival at wharf. May be an estimated date and time.  Others: Not applicable
Wharf landed	Maritimes: Indicate the name of the landing wharf.  Others: Not applicable

### Transfer Section

Date of transfer	Gulf & Pacific: Indicate the date/time of the transfer.
------------------	---

	Others: Not applicable
Sent to (VRN)	Pacific: Indicate the VRN of the vessel that will receive the transfer from the fish harvester's vessel.  Others: Not applicable
Packer's name	Pacific: Enter the name of the company or captain who transports the fish from the fishing vessel to the port, to another vessel or to a pound  Others: Not applicable
Vehicle Make	Maritimes: Indicate the make of Vehicle (transport vehicle, transport container, etc) used.  Others: Not applicable
License plate number	Maritimes: Indicate the license plate number of the vehicle (transport vehicle, transport container, etc.) used.  Others: Not applicable
Depuration area description	Gulf: Enter a description of the marine area where the contaminated shellfish were transferred for decontamination (specific name or geographic location).  Others: Not applicable
Contaminated Shellfish Tag number	Maritimes: Enter the tag number issued by DFO to seal the vehicle (transport vehicle, transport container, etc.) used to transport contaminated shellfish to the depuration facility.  Others: Not applicable
Cull date/time	Maritimes: Enter the date and time when the shellfish was culled (discarded or rejected).  Others: Not applicable
Place of disposal	Maritimes: Indicate the location of disposal of the culled shellfish (name of the facility or the geographical location)  Others: Not applicable
Split Load? (Y/N)	Pacific: Split Load? (Y/N)  Others: Not applicable
Load split count?	Pacific: Indicate the number of parts the load was split into.  Others: Not applicable

#### Transfer Section - Detail

Species	Maritimes, Gulf and Pacific: Identify the species being transferred.
---------	--

	Others: Not applicable
Product form	Maritimes, Gulf and Pacific: Type of processing (Weight transferred is evaluated following this processing) (E.g., Round, Gutted, etc.).  Others: Not applicable
Transferred weight	Maritimes, Gulf and Pacific: Indicate the weight of the fish transferred.  Others: Not applicable
Number of specimens transferred	Gulf: Indicate the number of specimens transferred.  Others: Not applicable

#### Transfer Section – Container Detail

Type of containers transferred	Pacific: Indicate the type of containers transferred (E.g., bags, boxes, tubs, barrels).  Others: Not applicable
Number of containers transferred	Pacific: Indicate the number of containers (E.g., bags, boxes, tubs, barrels) transferred.  Others: Not applicable
Number of liners	Pacific: Indicate the total number of liners used in cages transferred (geoduck and horse clams)  Others: Not applicable
