This document is provided to users of the Electronic Logbook (ELOG). It provides details of the information requested by Fisheries and Oceans Canada (DFO) in electronic logbooks. The information contained in this document has no legal value and is made available for the sole purpose of helping users to complete the ELOG correctly.

ELOG Key

In your software, be sure to enter the ELOG Key exactly as it is written on the DFO web site. An incorrect ELOG key will prevent you from successfully transmitting your logbooks to DFO.

DFO Client Support Agents can assist with ELOG related issues and can be reached at 1-877-535-7307 from Monday to Friday from 08:00 to 21:00 (Atlantic Time) excluding holidays. Additional up to date information on the ELOG Key is available at www.dfo-mpo.gc.ca/elogs.

DFO Client Support

If you have submitted your ELOG to DFO and find that you have made a mistake, please contact DFO Client Support at 1-877-535-7307 to request corrections to the information submitted. Telephone support is available Monday to Friday from 08:00 to 21:00 (Atlantic Time), except on statutory holidays.

Please refer to your licence conditions for additional instructions to be followed in situations where a fish harvester cannot properly transmit their ELOG data.

ELOG Application Supplier Client Support

The ELOG Application Supplier should be contacted for assistance with any of the following type of issues:

- I don't know where to put the ELOG Key into my application.
- I am having trouble copy/pasting my ELOG key into my ELOG application.
- How do I use my ELOG application?
- My application is not working/I don't understand my application.
- I can't install or log-in to my ELOG application.
- I can't open/close a trip.
- The GPS on my device is not working (get in touch with the ELOG Application Supplier, for instructions on how to manually enter coordinates).
- Any troubleshooting needs, such as any error messages that appear in the application.

ELOG Application Supplier information will be listed on DFO's website at: www.dfo-mpo.gc.ca/qualified/index.htm.

Software or Hardware Issues

In situations where the software or equipment used to complete the ELOG is non-functional, such as lost, stolen, defective or stolen telephones, tablets or computers, please refer to your licence conditions for details on the information to be provided in such situations, the procedures to be followed and the deadlines to be met.

Closure of Sections Within the ELOG

The application allows for the individual closure of various sections of the logbook. The closure of the sections implies that you have verified that the information entered is consistent with what you want to declare. The closure of a section means that you will no longer be able to modify the information in that section from your software. Your licence conditions may require that you close a section of your logbook at a specific time that is different from the complete closure of your electronic logbook.

If the information in a closed section prevents you from continuing to complete your logbook, you will need to contact your application supplier to make the necessary corrections.

If the information in a closed section is incorrect and does not prevent you from completing your logbook, please submit your logbook to DFO as is and contact DFO to request that corrections be made to your submitted logbook. Please note that corrections made by DFO will not be reflected in your application. If you would like the correction to be made in your application as well, you will need to contact your application supplier. However, the application supplier will need to obtain approval from DFO before making modifications to your information.

Fisher Identification Number (FIN), Licence Number and Vessel Registration Number (VRN)

In your software, be sure to enter your Fisher Identification Number (FIN), your Vessel Registration Number (VRN) or your Vessel Identification Number (VIN) (the VIN applies to Gulf region fish harvesters only) and your licence number exactly as they appear on your fishing licence or licence conditions. Missing or inaccurate data can cause issues with your information once received by DFO.

The instructions below detail the information required for submission into the application based on the context of your specific fishery:

- If you are fishing under a licence held by an Indigenous Community or Organization:
 - Indicate the FIN of the Indigenous Community or Organization;
 - Indicate the licence number used to carry out the fishing activity, i.e. the licence number of the Indigenous Community or Organization for which you are acting as the designated operator;
 - Indicate the VRN of the fishing vessel used to carry out your fishing activities;
 - Your name, as the designated operator on the licence, must be entered into the “Operator’s name” field of your ELOG.
- If you are fishing under a licence held by a company:
 - Indicate the FIN of the company;
 - Indicate the licence number of the company;
 - Indicate the VRN of the fishing vessel used to carry out your fishing activities;
 - Your name must be entered into the “Operator’s name” field of your ELOG.
- If you are acting as a substitute operator:
 - Indicate the FIN of the licence holder you are replacing;

- Indicate the licence number of the licence holder you are replacing or for whom you are acting as operator;
- Your name, as the current operator and licence operator, must be entered in the "Operator's name" field of the ELOG.
- If you are fishing under a partnership agreement (buddy-up):
 - Be sure to indicate the following in the fields provided;
 - The VRN of the fishing vessel used to carry out your fishing activities;
 - The FIN attached to the fishing vessel used to carry out your fishing activities;
 - The licence number attached to the fishing vessel used to carry out your fishing activities;
 - Indicate the name of both operators, separated by a semicolon (;), in the "Operator's name" field of the ELOG.

Simultaneous Fishery

For Maritimes and Newfoundland fish harvesters, if you are fishing under two licences simultaneously during the same fishing trip, you must complete two separate ELOGs, ensuring that you complete all mandatory fields in each of the sections of both of the ELOGs.

For Gulf and Quebec fish harvesters, in the case of an Indigenous Community or Organization fishing multiple licences simultaneously, all required elements of the "Fishing Effort" section must be completed for each licence under which the effort is being conducted. If fishing under more than one licence number on the same vessel, during the same trip, the Fishing Effort section of the ELOG must be filled in at least once for each licence.

Substitute Vessel

If you are using a Substitute Vessel, you must enter the VRN or VIN of the vessel you are currently using to complete the fishing activity and landing.

GPS Position and Coordinates

Your software may have a function that automatically reads your position from your GPS. If your actual position does not match the position requested in the ELOG, enter the requested geographical coordinates manually.

Comments

Enter any additional information that you may consider important in this field.

Maps

If there are regional fishing area maps associated with ELOGS they will be found here <http://www.dfo-mpo.gc.ca/fisheries-peches/sdc-cps/nir-nei/elog-maps-cartes-jbe-eng.html>. This does not represent a full list of fishing area maps. This catalogue will be updated as new or amended maps become available. If the fishing area described in your licence conditions is not included below please contact your local DFO office. For all other questions, please contact DFO at the following email: fishing-peche@dfo-mpo.gc.ca.

General Logbook Instructions, by Section (Maritimes, Pacific, Quebec, and Newfoundland Regions)

The fields listed in the following tables may not be needed in all ELOG forms and therefore may not be available. When completing fields that are available in your ELOG, please follow the instructions below.

General Information

DFO administrative region	Indicate your DFO Administrative region.
Licence holder's Fisher Identification Number (FIN)	<p>Indicate the Fisher Identification Number (FIN) of the licence holder as it appears on the fishing licence or conditions of licence.</p> <p>Please refer to the Fisher Identification Number (FIN), Licence Number and Vessel Registration Number (VRN) section on page 3 and 4 for more details on accurate use of substitute operator, partnership agreement and fishing under a licence held by an Indigenous Community or Organization.</p>
Vessel Registration Number (VRN) or Vessel Identification Number (VIN for Gulf)	<p>Indicate the Vessel Registration Number (VRN) or Vessel Identification Number (VIN) of the fishing vessel used to carry out your fishing activities. The VIN applies to Gulf region fish harvesters only.</p> <p>Newfoundland: Indicate the Vessel Registration Number (VRN) or Seal Vessel Registration Number (SVRN) for the seal hunt.</p> <p>Quebec: Indicate the Vessel Registration Number (VRN) or Seal Vessel Identification Number (SVIN) for the seal hunt.</p> <p>Please refer to the Fisher Identification Number (FIN), Licence Number and Vessel Registration Number (VRN) section on page 3 and 4 for more details on accurate use of substitute operator, partnership agreement and fishing under a licence held by an Indigenous Community or Organization.</p>
Vessel name	Indicate the vessel name.

Fishing Trip Section

Trip number	This information is generally generated automatically by the software.
Unique identifier of the electronic logbook (Logbook UID)	This information is generated automatically by the software.

Date/time of start of the fishing trip	Indicate the date and time at the beginning of the fishing trip.
Date/time when fishing activities ended	Maritimes, Gulf and Newfoundland: Indicate the date and time at the end of the fishing effort. Others: Not applicable
Operator's Name	Quebec and Newfoundland: Name of the licence holder (or his representative) present on board the vessel during the fishing operation (Last name and first name). When there is more than one operator, list each name on the same line and separate each one using semicolons. Others: Not applicable
Number of crew members	Quebec, Newfoundland and Maritimes: Indicate the number of crew members including the captain but excluding the observers at sea. Others: Not applicable
Port of departure	Quebec, Newfoundland and Maritimes: Indicate the name of the port of departure (start of the trip). Others: Not applicable
Captain's name	Pacific: Indicate the name of the captain (Last name and first name) Others: Not applicable
Hunter's/fisher's name	Quebec: Indicate the name of the person who hunted or fished Others: Not applicable
Buddy-up?	Quebec: Fishing as part of a buddy-up agreement (Y/N)? Others: Not applicable
Observer sea trip number	Quebec: Indicate the observer sea trip number (E.g., G12-001A01) Others: Not applicable
Observer's name	Pacific: Indicate the name of the observer at sea. Others: Not applicable
Type of Fishery	Maritimes and Newfoundland: Indicate the fishing type (regular, sentinel, exploratory, etc.) Others: Not applicable
Community	Quebec: Indicate the community of residency for the harvester. Others: Not applicable

Containers tagged?	Pacific: Were identification tags apposed on containers? (Y/N) Others: Not applicable
Container flagging tape color	Pacific: Indicate the Color of flagging tape used to identify containers (sea urchins - Pacific) Others: Not applicable
Year of the fishing season	Quebec: Indicate the year of the fishing season. Others: Not applicable
Date/time of the creation of the trip	Indicate the date/time of the creation of the trip.

Species at Risk Section

The information related to Species at Risk (SAR) must be completed for each interaction with a SAR or each group of individuals of the same SAR. When reporting an interaction with a species at risk, you must report the number of individuals and, optionally, the estimated total weight of the species at risk.

Date/time	Indicate the date and time of the interaction with the species at risk.
Latitude	Indicate the latitude where the interaction with the species at risk occurred.
Longitude	Indicate the longitude where the interaction with the species at risk occurred.
Species	Identify the species at risk involved.
Number of specimens	Indicate the number of specimens involved.
Total weight estimated	Indicate the total estimated weight of species at risk involved.
Condition of specimens	Indicate the condition (dead, alive, etc.) of the specimens involved, after the interaction.

Hail in Section

Hail in company	Identify the company that issued the hail in confirmation number.
Hail in confirmation number	Indicate the hail in confirmation number.

Hail out Section

Hail out company	Quebec, Maritimes and Newfoundland: Identify the company that issued the hail out confirmation number. Others: Not applicable
Hail out confirmation number	Quebec, Maritimes and Newfoundland: Indicate the hail out confirmation number. Others: Not applicable

Personal Consumption/Use Section

All catches that were kept on-board the vessel and that will not be sold to a registered buyer must be declared as personal consumption/use.

Species	Indicate the species declared as personal consumption/use.
Product form	Quebec, Maritimes and Newfoundland: Type of processing (E.g., Round, Gutted, etc.). Weight declared is evaluated following this processing. Others: Not applicable
Quality	Quebec: Indicate the quality of the declared catches e.g., Graded A, Graded B, etc. Others: Not applicable
Kept weight	Quebec, Maritimes, Gulf, Newfoundland and Pacific: Indicate the estimated kept weight in whole form of the species kept as personal consumption/use. After you have landed, if the retained weight differs from the weight previously entered, you must contact Fisheries and Oceans Canada at 1-877-535-7307 from Monday to Friday between 07:00 and 20:00 (Eastern Time Zone) to request a correction to your data. Others: Not applicable
Number of specimen kept	Quebec and Newfoundland: Indicate the number of specimens kept for personal consumption. Others: Not applicable
Foreseen usage	Indicate the foreseen usage of the product kept for personal consumption.
Number of containers (kept fish only)	Maritimes and Pacific: Indicate the number of containers (E.g., bags, boxes, tubs, barrels) used to store kept catches. Others: Not applicable
Type of containers	Maritimes and Pacific: Indicate the type of containers used to store catches (E.g., bags, boxes, tubs, barrels) Others: Not applicable

Fishing Effort Section – Effort

Start date/time of the fishing effort	Indicate the date and time at the beginning of the fishing effort.
End date/time of the fishing effort	Quebec, Maritimes and Pacific: Indicate the date and time at the end of the fishing effort. Others: Not applicable

Fishery Management Area	<p>Quebec, Maritimes and Newfoundland: Indicate the fishery management area where fishing occurred.</p> <p>Others: Not applicable</p>
Pacific Fishery Management Area	<p>Pacific: Indicate the Pacific Fishery Management Area where fishing occurred.</p> <p>Others: Not applicable</p>
Licence number	<p>Indicate the licence number used to fish during this fishing effort.</p> <p>Pacific: Indicate the following for the Pacific region; Sea cucumber - ZD TAB#; Green sea urchin - ZA TAB#; Red sea urchin - ZC TAB#</p> <p>Please refer to the General Information section for more details in the context of substitute operator, partnership agreement and fishing under a licence held by an Indigenous Community or Organization.</p>
Fishing site	<p>Maritimes and Pacific: Indicate the location of the fishing site (specific name or geographical indications)</p> <p>Others: Not applicable</p>
Number of Fishing days	<p>Pacific: Indicate the total number of fishing days for this trip or this form.</p> <p>Others: Not applicable</p>
Interaction with a species at risk during this fishing effort?	<p>Indicate (yes or no) if an interaction with a species at risk occurred during this fishing effort.</p>
Was fishing gear lost, found or recovered during this fishing effort?	<p>Indicate Yes if you lost, completely or partially, one or more of your fishing gears during this fishing effort. Indicate Yes if, during this fishing effort, you found one or more of your fishing gears previously lost. These fishing gears may have been fully recovered, partially recovered or not recovered. Otherwise, indicate No.</p>
Interaction with a marine mammal during this fishing effort?	<p>Was there an interaction with a marine mammal during this fishing effort (Y/N)?</p>
Quota Area	<p>Pacific: Indicate Quota area (Geoduck fishing) from PFMA and GMA</p> <p>Others: Not applicable</p>
Discard?	<p>Maritimes: Was there any discards during this fishing effort (Y/N)?</p> <p>Others: Not applicable</p>

Maritime Urchin Fishing Zone	Maritimes: Indicate the Maritime Urchin Fishing Zone (Counties and exclusive zones) Others: Not applicable
Other Quota Management Area	Pacific: Indicate the location of Quota Management Area (filled only if QMA is not available on the list) Others: Not applicable

Fishing Effort Section – Targeted Species

Species	Indicate the species you are attempting to catch under valid licence conditions during this fishing effort.
---------	---

Fishing Effort Section – Fishing Gear Used

Fishing Gear	Indicate the type of fishing gear used during this fishing effort.
Width of the gear	Quebec: Indicate the width of the gear. Others: Not applicable
Other gear	Description of the gear used (captured only if it cannot be found in the fishing gear list)

Fishing Effort Section – Effort Detail

Soaked duration of the gear	Quebec and Newfoundland: Indicate the time that the gear was in position to catch fish and does not include the time taken to set or haul back. Maritimes: When harvesting marine plants, indicate the number of hours raked. Others: Not applicable
Latitude at the beginning of the fishing operation	Newfoundland: Indicate the latitude at the beginning of the hauling if reporting by tow or at the beginning of the first tow of the day if reporting by day. Others: Not applicable
Longitude at the beginning of the fishing operation	Newfoundland: Indicate the longitude at the beginning of the hauling if reporting by tow or at the beginning of the first tow of the day if reporting by day. Others: Not applicable
Latitude at the end of fishing operation	Newfoundland: Indicate the latitude at the end of the hauling if reporting by tow or at the end of the last tow of the day if reporting by day. Others: Not applicable
Longitude at the end of the fishing operation	Newfoundland: Indicate the longitude at the end of the hauling if reporting by tow or at the end of the last tow of the day if reporting by day.

	Others: Not applicable
Latitude	Quebec and Maritimes: Indicate the fishing latitude based on the information requested in the licence conditions.
	Others: Not applicable
Longitude	Quebec and Maritimes: Indicate the fishing longitude based on the information requested in the licence conditions.
	Others: Not applicable
NAFO area	Quebec, Maritimes and Newfoundland: Indicate the NAFO area (Division and sub-division) where fishing activities mainly occurred.
	Others: Not applicable
Average depth of the bottom of the sea/lake	Quebec: Indicate the average depth of the bottom of the sea/lake during tow(s).
	Others: Not applicable
Average gear depth	Maritimes and Newfoundland: Indicate the average gear depth.
	Others: Not applicable
Average tow duration	Maritimes: Indicate the average duration of tows depending on the level of detail (E.g., for a day, a shift, a series of tows, etc.)
	Others: Not applicable
Number of gears hauled	Quebec: Indicate the number of gears hauled. Traps: number of traps hauled. Gillnets and longlines: number of skates hauled. Rods and reel, handlines and tended lines: number of lines. Trap net: number of traps fished.
	Others: Not applicable
Total distance covered during the tow	Maritimes: Indicate the total distance travelled during the tow (tows).
	Others: Not applicable
Minimum depth of the bottom of the sea/lake	Pacific: Indicate the minimum depth of the bottom of the sea/lake during tow(s)
	Others: Not applicable
Maximum depth of the bottom of the sea/lake	Pacific: Indicate the maximum depth of the bottom of the sea/lake during tow(s)
	Others: Not applicable
Sea bottom type	Maritimes: Indicate the type of material that the bottom of the fishing site is made of.

	Others: Not applicable
Optimal depth of catches	Quebec: Indicate the depth at which the major part of catches was made during the set.
	Others: Not applicable
Diver's number	Quebec: Indicate the diver's number (E.g., Diver #1)
	Others: Not applicable
Dive number	Quebec and Newfoundland: Indicate the dive number (E.g., dive #1)
	Others: Not applicable
Diver's name	Pacific: Indicate the last name and first name of the diver (last name, first name)
	Others: Not applicable
Density of kelps	Quebec: Number of kelps per square meter.
	Others: Not applicable
Fishing site	Maritimes and Pacific: Indicate the location of the fishing site (specific name or geographical indications)
	Pacific: Indicate the Harvest location (name of the nearest landmark)
	Others: Not applicable
Fishing effort duration	Quebec and Maritimes: Indicate the duration of the fishing effort for this portion of the effort (hauling, period of time, etc.)
	Others: Not applicable
Latitude in the middle of the fishing operation	Quebec: Indicate the longitude in the middle of the hauling of the gear.
	Others: Not applicable
Longitude in the middle of the fishing operation	Quebec: Indicate the latitude in the middle of the hauling of the gear.
	Others: Not applicable
Grid	Quebec: Indicate the grid where fishing activity mainly occurred.
	Others: Not applicable
Average duration of dives	Average duration of dives depending on the level of detail (E.g., for a period of time, for a series of dives, etc.)
Number of divers	Maritimes and Newfoundland: Number of divers who fished during the period.
	Others: Not applicable

Diver's FIN	Pacific: Fisher identification number (FIN) of the diver. Others: Not applicable
Abalone presence?	Pacific: Abalone presence noted during the dive (Y/N)? Others: Not applicable
Number of tows	Quebec, Maritimes and Newfoundland: Indicate the number of sets hauled during the period of time. Others: Not applicable
Latitude at the beginning of gear deployment	Quebec and Maritimes: Indicate the latitude at the beginning of the deployment of the fishing gear (when the gear "hit" the water). If the detail of the effort is detailed by period of time and not "tow by tow", represents latitude at the beginning of the first deployment for the period of time. Others: Not applicable
Longitude at the beginning of gear deployment	Quebec and Maritimes: Indicate the longitude at the beginning of the deployment of the fishing gear (when the gear "hit" the water). If the detail of the effort is detailed by period of time and not "tow by tow", represents longitude at the beginning of the first deployment for the period of time. Others: Not applicable
Latitude at the end of gear deployment	Quebec and Maritimes: Indicate the latitude at the end of the deployment of the fishing gear (when the gear is completely out of the water). If the detail of the effort is detailed by period of time and not "tow by tow", represents latitude at the end of the last deployment for the period of time. Others: Not applicable
Longitude at the end of gear deployment	Quebec and Maritimes: Indicate the longitude at the end of the deployment of the fishing gear (when the gear is completely out of the water). If the detail of the effort is detailed by period of time and not "tow by tow", represents longitude at the end of the last deployment for the period of time. Others: Not applicable
Date/time of fishing	Quebec: Indicate the date/time (UTC) based on the information requested in the licence conditions. Others: Not applicable
Statistical area	Pacific: Indicate the statistical area of the Pacific region. Others: Not applicable
Curved Tow?	Maritimes: Direction of Tow: Curved Tow? (Y/N) No implies it is straight.

	Others: Not applicable
Lot number	Maritimes: Number of the lot where sea urchin fishing occurred.
	Others: Not applicable
Exploratory tow?	Maritimes: Exploratory tow (Y/N)?
	Others: Not applicable

Fishing Effort Section – Catches

Please refer to your licence conditions for more information on what information must be reported on your ELOG. Catches of species at risk must only be reported in the Species at Risk section of your ELOG.

Species	Indicate the species caught.
Other species	Describe the species caught if the type of species is not listed
Type of containers	Maritimes and Pacific: Indicate the Type of containers used to store catches (E.g., bags, boxes, tubs, barrels)
	Others: Not applicable
Discarded weight (estimated)	Maritimes and Newfoundland: Indicate the total estimated weight rejected at sea.
	Others: Not applicable
Kept weight	Quebec, Maritimes and Newfoundland: Indicate the weight kept.
	Others: Not applicable
Weight of specimens caught	Quebec and Maritimes: Indicate the estimated weight of specimens caught.
	Others: Not applicable
Number of containers	Maritimes and Pacific: Indicate the number of containers (E.g., bags, boxes, tubs, barrels) used to store catches.
	Others: Not applicable
Number of specimens caught	Quebec and Newfoundland: Indicate the number of specimens caught.
	Others: Not applicable
Condition of specimens	Quebec: Indicate the condition of the discarded specimens at the time the specimens were returned at sea. e.g. Alive, Dead, etc.
	Others: Not applicable
Product form	Quebec, Maritimes and Newfoundland: Indicate the type of processing (E.g., Round, Gutted, etc.). Catch weight is evaluated following this processing.

	Others: Not applicable
Quality	Maritimes: Quality of catches e.g., Graded A, Graded B, etc.
	Others: Not applicable
Maturity (life cycle)	Quebec and Newfoundland: Maturity of specimen according to their age or to their life cycle.
	Others: Not applicable
Percentage of gonads	Quebec: Percentage of gonads estimated by the fish harvester (sea urchin fishing).
	Others: Not applicable
Reason of discard	Maritimes: Reason of discard – description
	Others: Not applicable

Landing Section

Date/time of the start of the landing	Indicate the date and time of the beginning of the landing.
Date/time of the end of the landing	Quebec: Indicate the date/time at the end of the landing (UTC). May be an estimated date and time.
	Others: Not applicable
Port of Landing	Indicate the name of the landing port.
Offload Location	Quebec, Maritimes and Newfoundland: Indicate the location of landing site (specific name or geographical indications)
	Others: Not applicable
Date/time of arrival	Newfoundland: Indicate the date/time of arrival at wharf. May be an estimated date and time.
	Others: Not applicable
Wharf landed	Maritimes: Indicate the name of the landing wharf.
	Others: Not applicable

Transfer Section

Date of transfer	Pacific: Indicate the date/time of the transfer.
	Others: Not applicable
Received from (VRN)	Pacific: Indicate the VRN of the vessel that sent the quantity to the fish harvester's vessel.
	Others: Not applicable
Sent to (VRN)	Pacific: Indicate the VRN of the Packer vessel that will receive the transfer from the fish harvester's vessel.

	Others: Not applicable
Packer's name	Pacific: Enter the name of the company or captain who transports the fish from the fishing vessel to the port, to another vessel or to a pound
	Others: Not applicable
Is the vessel receiving the fish a packer?	Pacific: Is the vessel receiving the fish a packer (Y/N)?
	Others: Not applicable

Transfer Section - Detail

Species	Pacific: Identify the species being transferred.
	Others: Not applicable
Total gross weight transferred (containers and content)	Pacific: Indicate the total gross weight transferred including weight of containers and their content.
	Others: Not applicable

Transfer Section – Container Detail

	Pacific: Indicate the type of containers transferred (E.g., bags, boxes, tubs, barrels).
Type of containers transferred	Others: Not applicable
	Pacific: Indicate the number of containers (E.g., bags, boxes, tubs, barrels) transferred.
Number of containers transferred	Others: Not applicable
