Why It Matters

Harbour authorities are not-for-profit organizations that manage small craft harbours belonging to Fisheries and Oceans Canada. They ensure harbours remain safe, well-maintained, and responsive to the needs of users. Managed by dedicated volunteers — they provide essential services, support the commercial fishing industry, and help sustain the economic and social vitality of coastal communities.

Leave a Legacy

Volunteers are the cornerstone of a harbour authority. Be part of its success—today and for generations to come!
